## **EXECUTIVE DIRECTOR'S REPORT**

**Imaging Update:** the member file imaging project is completed and new information is being inputted.

Approximately 800,000 existing member files have been converted to the system allowing for improved service and disaster recovery. The project came in under budget.

**CAFR:** the Comprehensive Annual Financial Report was reviewed by Michele Marra. It contains extensive information about all aspects of SERS and is a useful reference tool. It is also available on the SERS website.

## **CERTIFICATION OF CANDIDATES-MEMBER SEATS**

Only two candidates have been nominated by petition for the employee seats for the term July 1, 2013 to June 30, 2017. Therefore no election is required and Barbara Philips and Debra Basham shall take office.

Also only one candidate for the retiree member seat, Mary Ann Howell, was certified.

## **LEGISLATIVE OVERVIEW – From notes prepared by Jim Miller.**

Late on Jan. 1 the House finally passed the Senate version of H.R. 8. There are a number of provisions in the bill that are of interest to public plans and their members.

Included are the following:

The proposed 27% cut in Medicare payments to doctors was blocked for one year.

The bill permanently addresses the alternative minimum tax and indexes it for inflation to prevent nearly 30 million middle and upper-middle income taxpayers from being hit with higher tax bills averaging almost \$3,000.

Income tax rates on incomes up to \$400,000 for individuals, and \$450,000 for couples, will not be raised. Income above those amounts will be taxed at higher rates. The original proposal was for incomes of \$250,000 and higher.

The bill extends the current capital gains and dividend rates on income at or below \$400,000 for individuals and \$450,000 for couples.

There were many other extensions, including marriage penalty relief, the expanded student loan interest deduction, a repeal of the personal exemption phase-out for certain taxpayers and deductions for state and local general sales taxes, to name a few of the changes in the bill.

## **Health Care**

A number of governors are pressuring the administration to grant the states more control over their Medicaid programs.
