

It's Time to Tell The Politicians...

Stop the foxes from guarding the henhouse

For decades, politicians have protected their jobs and their friends by rigging how we draw congressional and legislative districts — leaving voters out in the cold.

Leaving politicians in charge of drawing our districts is like letting the foxes guard the henhouse.

With this amendment, an Independent Citizens Commission of Ohioans will be in charge. Politicians, lobbyists and political insiders need not apply. Everything the Commission does will be out in the open for all of us to see.

Take back our voice and our vote

Politicians have rigged the system and want to keep it rigged. Nothing is more important to the future of Ohio than ensuring the right to fair, competitive elections.

Our state is closely divided politically, yet because Republicans were in charge of drawing the districts they control over 60% of the Legislature and 70% of the Congressional seats — this is not fair to the voters of Ohio. Democrats created similarly lopsided margins when they were in charge.

It's time to take power out of the hands of the politicians and put it back into the hands of the people.

Together we can stop the politicians...and we can do it Now!

Let's Make July 4, 2012 Independence Day from Political Backroom Deals and a Rigged System.

This November we can stop the politicians — and take back our state. But first, we need you to help us collect the 386,000 valid signatures by July 4th to put the proposal on the ballot.

Join the effort...

We need you. Help spread the word and volunteer to collect signatures. Encourage your friends and neighbors to join us by endorsing our proposal, donating time & talents, and financially supporting the effort.
