

SO-CALLED "RIGHT TO WORK"

We Are 

SCRTW

DON'T TRUST IT.

So-called "Right To Work"
is confusing, complicated and controversial.

Right To Work

isn't what it seems.

It's just another attempt by CEOs and corporate interests to end unions as we know them so they can tip the balance even more in their favor at the expense of the middle class.

The corporate interests want to fool you, but RTW means **less freedom** for workers, not more.

**RTW isn't
what it seems.**

It's wrong for all workers
and for the Middle Class.

Right To Work
makes us all **less safe.**
