### Flipping the Switch

Participants will leave this session better equipped to help students thrive in the face of obstacles, become career and college ready, and see the importance of the choices they make today.

Participants will be able to look at their challenges differently. Instead of allowing challenges to bring them down, they'll learn how to transform them into positive motivation to help them succeed in life.

*Turn Pain into Power*

This program will also help participants navigate Ohio's Differentiated Accountability System and will include an overview of the 2018-2019 (and beyond) State expectations, new labels, and interventions under the Every Student Succeeds Act. Participants will also have the opportunity to collaborate and share ideas with members from various local OEA affiliates.
