- Enclosed is the July 2019 billing statement for the 2018-2019 Membership Year.
- As the 2018-2019 membership year draws to an end, it is important that a reconciliation of your local membership records be completed and any necessary changes be submitted to the OEA Membership Department on a current year Membership Update Form on or before August 15th.
- The 2019-2020 **Membership Enrollment Materials** should have been received by now. If you do not have these important documents, please contact OEA Membership. Any Membership Updates received by OEA after June 3rd were not included in the enrollment materials.
- All Treasurer's received a 19-20 Treasurer's Handbook in the Membership Enrollment Materials packet. The Treasurer's Handbook is also available online at www.ohea.org in the "Resources" under "Secretary-Treasurer's Office" and "2019-2020 Local Treasurer's Handbook" after you have logged in.
- It is the Local Association's responsibility to collect the correct amount of dues. Check the dues printed on the enrollment materials before distributing to your Payroll Department.
- **Membership Promotion Materials and OEA/NEA Fund for Children & Public Education (FCPE)** were scheduled to arrive at local OEA offices between mid-July and early August with the magazine-style OEA Member Resource Guide arriving in a separate shipment in early August. You may want to share this information with the other officers in your local. Contact your Labor Relations Consultant for pick up information.
- The 2019-2020 Dues Rates have been posted on the OEA Website at www.ohea.org. You may find these in the "Resources" under "Secretary-Treasurer's Office" after you have logged in under "OEA/NEA Dues". **New this year**, we have added the 2019-2020 Pro-rate dues tables for ESP's and Educators. These can be found in the same location as the Dues Tables.

Thanks for your continued efforts and support.
