

NEA ESP LEARNING NETWORK

A virtual learning opportunity for
education support professionals.

WEBINAR:

Supporting Our Own through ESP Mentoring: Lessons from the Field

**THURSDAY 4.15.21
7-8:30 PM (EST)**

**REGISTER at
nea.org/esppdwebinars**

Education Support Professionals (ESPs) are an integral part of the education team that supports student learning. When ESP mentoring is done right, it can lead to improved outcomes for students, greater retention of ESPs, higher job satisfaction, greater confidence, and leadership development. This session will explore ESP mentoring programs and how to justify the importance of mentoring to your district, build a program from the bottom up, and document the success of the program through data collection and analysis.
