On Oct. 6, the US Dep’t of Education announced major changes to the Public Service Loan Forgiveness Program which will impact more than 550,000 current borrowers. Since then, more than 30,000 have found immediate relief from their loans. Join us and learn more!

So far, since the start of the Biden Administration, more than $9.5 Billion of student loans have been forgiven. That’s more than was forgiven in all of the previous four years combined! For new borrowers, the path forward to forgiven will be more streamlined and achievable but for current borrowers, there is a ONCE-IN-OUR-LIFETIME option for having past payments made on the wrong type of loans as well as payments made using an ineligible repayment plan count towards PSLF but YOU MUST ACT BEFORE OCT. 31, 2022 to take advantage.
