

Rita Walters for the STRS Board

STRONG LEADER. SECURE BENEFITS. SAFE RETIREMENT.

Rita Walters

Rita Walters is an experienced Board member dedicated to acting in the best interests of all STRS members—active and retired. While some have attacked STRS at every turn, Rita knows that strong investments and shared sacrifice of members have brought STRS back from the brink.

Restoring COLA- After the Great Recession, STRS was projected to run out of money. Since Rita has been on the Board STRS funding has improved greatly. STRS has begun to restore benefits and Rita voted for a 3% COLA to be paid to eligible retirees.

Securing Health Care- Once projected to run out of money, the STRS Health Care program is now fully funded and retirees have received premium rebates for the past two years.

Protecting Our Pension- Some Board members are pushing to invest as much as \$65 billion with a firm with no assets under management and no track record. Rita is fighting against unproven investment schemes targeting our pension assets.
