The September 2022 billing statement is now available in the eBilling Portal, https://ims.nea.org/ebilling/. The most current roster is available on the eBilling portal and is accessible at any time. Please be sure to take time to thoroughly review your billing statement and membership roster in order to reconcile your membership information.

- The new 22-23 Membership year began September 1, 2022. Therefore the “Current Year” referenced within the eBilling Portal is the 2022-2023 Membership year and the billing statement and roster documents are at the top of the billing statement download section. The 21-22 Membership year (now considered the “Prior Year”) is located below the “Current Year” documents as “Prior Year”. Many locals may not have anything listed within the “Current Year Statement Period” as it is so early in the new membership year, but may have a billing statement remaining in the “Prior Year” section. Please be sure to review both sections to confirm you have nothing pending for the past 2021-2022 year.

- As a reminder: All enrollment materials are to be mailed directly back to OEA. There is one envelope addressed to OEA that was included in your Membership packet for this purpose. Please submit all membership enrollment materials as soon as possible (including the 2022-2023 Enrollment Summary/Potential Count Form). Membership materials are processed in the order they are received. Get yours in early!!

- The drop window for cancelling membership ended August 31. You were sent an email notification of all membership cancellation requests received by OEA during the August drop window. You were copied on all confirmations of the cancellation sent directly to the former member. Requests you receive after this date should be forwarded directly to OEA membership. (Please see back of this document for additional details.)

- Your local should begin receiving payroll deduction lists/reports from your employer payroll department along with each check for the dues deducted. This list/report should always be reviewed and reconciled for accuracy, by reviewing all names and deduction amounts to keep your monthly billing accurate.

- When completing your annual 990-Filing with the IRS during the period of September thru January 15th, remember this filing is for the 2021-2022 Fiscal/Membership Year (September 1st – August 31st) and tax year 2021. Questions on filing should be directed to Shawn Primm at 1-800-282-1500 Ext. 3017 or primms@ohea.org. Remember to complete, sign and return the OEA 990 Verification Form with a copy of the accepted submission.

Membership Cancellation Requests After August 31st

It may be possible you will be presented with a membership and/or payroll deduction cancellation request from a current member during the 22-23 membership year. It is important that you be aware of how those requests are to be handled. The following protocol has been implemented to help coordinate these requests:

• It will be necessary for you as Treasurer to know the specific collective bargaining agreement and the membership enrollment form language and policies regarding membership cancellations that may arise during the membership year.

• If applicable, it may be necessary for you as Treasurer, along with other Local leaders and in consultation with OEA’s assigned Labor Relations Consultant (LRC), to ensure that the member is correctly informed about his/her choices related to membership and payroll deductions.

• Should the member wish to cancel their membership, you must immediately send their written request to the OEA Membership Department.

• Additionally, should OEA receive a membership cancellation directly from the member, that request will be forwarded to the OEA Legal Department, at which time you will be notified of the request and the following processes will be followed.

• The Membership Department will document all requests received and forward them to the OEA Legal Department for review.

• During this review, the legal team will review contract language, enrollment information related to the member, any input you as the Treasurer or Local can provide and any other relevant information. This may include any drop language or membership language in the collective bargaining agreement and the individual’s specific enrollment agreement form, the dues deduction period, local practices and governance documents, and any known challenges associated with continued deduction of the annual dues responsibility.

• Upon completion of this review, a decision regarding the request for cancellation of payroll deductions will be issued from the OEA Legal Department.

• The member and the local leadership will be notified of the final decision by OEA.

• It is important to point out that cancellation of membership may not necessarily cancel the dues obligation for that membership.

• If applicable, it will be necessary for you as the Treasurer to work with your payroll officer and/or the assigned LRC to coordinate any continuing deductions to meet this obligation. All deductions should continue until a final decision is provided regarding the membership status.
