## Dear Local Leader

Thank you for stepping forward to serve as a local leader in your union. Your leadership is key to the success for your members in your local as well as for the Ohio Education Association. This calendar is intended to assist you in recruitment and engagement of your members throughout the year. Each month marks a timeline of readying your team to recruit new members and to engage your entire membership in the work of your local on behalf of your members.

We recognize the challenges of engaging your members throughout the year: we all have a full-time job supporting the best learning environment for our students. The intent of the calendar is to let you know that you aren't alone in the work of organizing and engaging your members — you are part of a team. The Ohio Education Association has a team of professionals — your local Labor Relations Consultant, specialists in engaging members, and professional organizers are all ready to assist you. In acting together with us as a team, we can help your local to grow and be more effective at advocating for your members.

Let us know how we can assist you in any of your endeavors,
